

 bike rest

*stay on flow*

VIRIdiVITA bike rest, the Swiss quality bike rest that offers stable support and safety for bikes of all categories and sizes thanks to its unusual shape.

**safe – robust – swiss**

# VIRIdiVITA bike rest

- Purpose:** - Leaning bracket for bicycles for safe and convenient parking of bicycles
- Function:** - Thanks to the V-shape, closed top and solid floor fastening, bicycles can be parked and securely chained on both sides.
- Advantages:** - V-shape enables stable leaning of bicycles of all sizes and models, from the smallest balance bike to racing bikes and trekking bikes.  
Made in Switzerland.  
Flexible use - as a stand-alone unit or in combination.  
Unusual shape enhances surroundings both functionally and visually.
